## MERRY CHRISTMAS TO ALL

### Junior Wheat Club Entertained

There was a large turn-out at the U.F.A. hall on Friday night when the Alberta Wheat Pool and the Crossfield Board of Trade were hosts to the Junior Wheat Club and their friends. Mr. J. Hesketh, president of the Board of Trade, acted as chairman and extended a hearty welcome to all. He then called on Mr. O. E. Jones, leader of the Wheat Club. Mr. Jones gave a short resume of the growth of the club since its inception three years ago and told of plans for further co-operation and visits to be received from officials of the Dominion Seed Branch during the coming year, which should prove of great benefit to the club. Owing to some of the members having attained the age limit, they will have to drop out and it is hoped their places will be taken by other boys interested in growing pure seed.

As an Alberta Wheat Pool delegate, Mr. H. L. Taggart spoke briefly on the recent convention held in Calgary.

Mr. William Pettinger of the Alberta Wheat Pool gave a most interesting and informative talk on the wheat situation. He also spoke of some of the problems of the elevator companies, especially in connection with "dead" storage. Mr. Pettinger also was in charge of the moving pictures which interspersed the talks, showing a reel of "Pop-eye," a Travelogue and several splendid reels of the 1940 Calgary Stampede in technicolor.

Community singing was led by Mr. H. V. Ellison, with Mrs. E. W. Hoover at the piano.

A hearty vote of thanks to the Alberta Wheat Pool and all who assisted in providing such a fine program was moved by Mr. F. Purvis.

At the close of the program, the Junior Wheat Club members and Wheat Pool officials were guests of the Board of Trade at lunch in the Oliver Cafe.

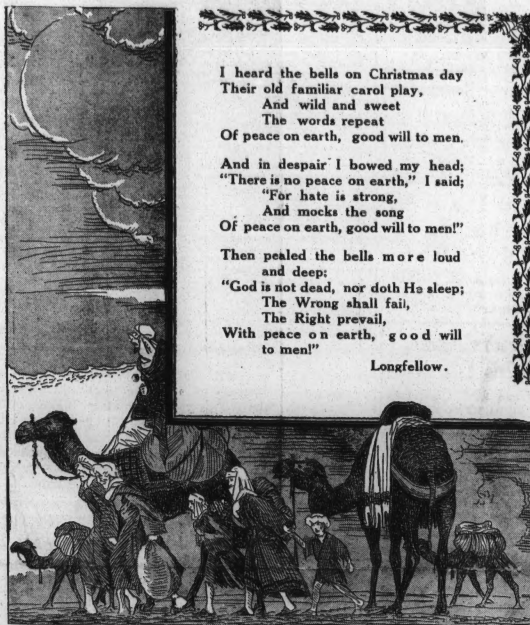

### Calf Club Meeting

A meeting of the Boys' and Girls' Calf Club was held last Saturday, December 14, when it was decided that the 1941 Sale of Baby Beef be held in Calgary during July.

It was also decided that:—  
The weight limit be set at 900 lbs. calves over that weight automatically go to the bottom of the class. Any calf withdrawn from the sale to forfeit any prize money it may have won.

If possible, to join with some other Club in order to make the Sale more worth while from the buyers point of view.

There is room for more members in the club and any boy or girl, between the ages of 12 and 20 years, interested in feeding a calf may enter. If you have feed for the calf and enthusiasm enough to look after it the club will buy you a calf if necessary, and all the advice you need as to the best way to feed is forthcoming from officials of the Department of Agriculture.

I heard the bells on Christmas day  
Their old familiar carol play,  
And wild and sweet  
The words repeat  
Of peace on earth, good will to men.

And in despair I bowed my head;  
"There is no peace on earth," I said;  
"For hate is strong,  
And mocks the song  
Of peace on earth, good will to men!"

Then pealed the bells more loud and deep:  
"God is not dead, nor doth He sleep;  
The Wrong shall fail,  
The Right prevail,  
With peace on earth, good will to men!"

Longfellow.

### LOCALS

Gene Jones has enlisted in the Mounted Police and has received instructions to report for training on January 3rd.

Miss Arlene Amery of Pullman, Wash., is expected to arrive at her home in Calgary this week-end to spend the holiday season.

Mr. and Mrs. Wm. Stralo left Tuesday to spend three months visiting friends and relatives at Stratford, Ontario.

Robert Laut underwent an operation in a Calgary hospital last week and is doing as well as can be expected. His friends wish him a speedy recovery.

During the holiday season the Red Cross rooms will be closed, but will be open on Thursday afternoon, January 9, and each Thursday thereafter.

The Kursteiner house having been sold J. Becker and family have moved to the Stralo farm where they will reside during the absence of Mr. and Mrs. Stralo.

A number of friends paid a surprise visit to the home of Mr. and Mrs. George Jones on Tuesday evening. The evening was spent in games after which a dainty lunch was served.

The United Church parlor was a busy spot Wednesday afternoon when a number of Ladies gathered to divide 50 lb. of candy, 25 lb. of nuts, 4 boxes of oranges and a box of apples into 150 bags in readiness for the visit of Santa Claus at the Christmas concert Friday evening.

### Madden Murmurs

Mr. and Mrs. Askow spent last Tuesday, Wednesday and Thursday in Calgary visiting their daughter Ane, who is confined to her home with a badly sprained ankle.

Mrs. J. R. Banta was a Calgary visitor last week.

Miss Dorothy Ingham spent the week-end at home.

Mr. and Mrs. Melthe Askow and Mr. and Mrs. Kenny Cameron were Calgary visitors on Friday.

On Saturday Mr. and Mrs. Wm. Gehring were Calgary visitors—did Bill go to carry the parcels?

The marriage epidemic is still prevalent in the Madden district—three weddings—yet the spell isn't broken!

### With the Curlers

The mixed bonspiel which opened the curling season last week was a decided success, having had ideal weather conditions for the event.

After some close games, those reaching the semi-finals in the main event were F. Becker, D. Outkes, W. Stralo, J. Hutton, E. Fox and W. J. Wood, with Wood meeting Fox in the finals to win the event.

The winning rink was W. J. Wood, Ernie Sharp, Miss Anne Cameron and Mrs. Smart.

In the consolation, H. Ballam, J. Becker, E. Bills, D. Carmichael, C. Fox and A. D. Stevens reached the semi-finals, the E. Bills' rink winning from H. Ballam in the finals. The Bills' rink included Mrs. Ballam, Jack Fleming and Jim Harrison.

The square draw started yesterday but was held up this afternoon by mild weather.

### LOCALS

All stores will remain closed on Boxing Day, December 26th.

School closes on Monday, Dec. 23rd, for the Christmas holidays and will reopen on Friday, January 3rd.

Christmas and New Year's Day the post office wickets will be open between 10 and 11 a.m. only. Lobby doors will be open as usual. There will not be a mail delivery on the rural route on these days.

The High School hockey team will play their first game of the season on Friday evening at 8:00 o'clock when they meet Didsbury in an exhibition game on local ice. It is hoped that a large number will be on hand to support the boys.

The local branch of the Red Cross have been working steadily all fall and as a result were able to make another nice shipment to headquarters last Thursday. This consisted of one case of hospital supplies, 1 large case refugee clothing and 1 case for soldiers, which included 13 sweaters and 14 pairs of socks.

An accident occurred at the street corner by Wood's Garage on Wednesday afternoon when the car of Mr. Robert King, of Carstairs, collided with the light post. Blinded by the sun shining directly in his face, Mr. King made the turn too short, hitting the post and throwing himself and Mrs. King into the windshield. Both received cuts about the face and were attended by Dr. Whillans.

### INDEPENDENTS ADVOCATE ECONOMY

At the convention of the Independent members of the Alberta Legislature held in Edmonton last Saturday, the delegates were unanimous in calling for the most stringent economy in all departments of the government during the war. The group feels that particularly when the country is at war every effort should be put forth to curtail extravagant enterprises. In a formal resolution they offered concrete suggestions on how these economies can be effected.

1. Abandonment of "such useless experimental enterprises as the treasury branches and the social credit board."

2. Cessation of governmental efforts to embark on further dangerous experiments such as the proposed provincial bank.

3. The drawing of a clear-cut distinction between legitimate publicity and political propaganda and the elimination of the latter from governmental expenditures.

In another resolution they called for a marked reduction in provincial taxation, and that the social service tax should be reduced to its pre social credit level, and the cancellation of nuisance license fees.

### U.F.W.A. ELECT OFFICERS

At the annual meeting of the Floral U.F.W.A., held on Wednesday of last week, the following officers were elected for 1941—

President, Mrs. Guy Wickerson; Vice president, Mrs. J. Aldred; Secretary, Mrs. A. Montgomery; Treasurer, Mrs. L. Laut.

Mrs. T. Fitzgerald was elected Delegate to attend the annual Convention in January.

### Native Sons and Daughters Social Evening

With Leap Year rapidly drawing to an end, the Native Sons' and Daughters' Association held their December party last Thursday night in the form of a leap year dance, which proved a most enjoyable affair. Admission fees were paid by the girls and the lunch provided by the boys was voted the best lunch served yet.

During the evening, presentations were made to recently married members of the association, Mr. and Mrs. Mervin Stafford and Mr. and Mrs. Fred Collins.

### Anglican W. A. Hold Successful Tea

The tea and home cooking sale of the Women's Guild last Saturday afternoon was a most successful affair, when proceeds for the afternoon and sale of tickets on the hamper amounted to around \$50. The hamper was won by Corporal D. Cameron with ticket No. 211.

### JAPAN'S MISTAKES—

Japan made two bad moves when she made war on China and joined the Axis powers. Her prestige has fallen to a level that will take many years to retrieve.

Her export trade lost on this continent alone will run into millions of dollars, at a time when the country needed all available cash to carry on their war program.

Like her Axis partners, Japan figured on a sudden death war—but it did not figure out along their line of thought, and the continued struggle is wearing down the entire Axis partners to a state of financial collapse.

Japan no doubt can see the folly of these unfortunate steps—if not, it won't be long now.

Another great unit in the Commonwealth Air Training Scheme will be in operation at Edmonton early in February. It is an aircraft repair and assembly plant, now under construction at a cost of \$250,000. Built by the Department of National Defense, the plant will be operated by the Aircraft Repair Division of Mackenzie Air Service Ltd. Workers are already assembling Falvey "Battles" for distribution to training schools throughout the Dominion. When completed,

### LIFE OF SEEDS

How long do seeds remain alive? Certainly not from ancient Egyptian times until now. Reports of the germination of "mummy" wheat are called fables by botanists.

The seeds of some plants naturally have a long life-span, while the seeds of others are very short lived. Seeds of some members of the pea family may remain viable for over 100 years, while willow and poplar seeds rarely live for more than a week under natural conditions. The life-span of any seed is materially affected by the conditions of storage.

In 1894, a French botanist secured 20 seeds of the Senna plant from a collection made in 1776. These seeds were so precious that only two were tested. Both germinated after lying in a herbarium case for 158 years. The same author reports that of ten Mimosa seeds 81 years old, five germinated. An English botanist obtained 2.6 percent germination in red clover seed 81 years old. It is difficult to secure accurate records of seed buried in soil. However, a Japanese botanist reports 100 percent germination in seeds of the Oriental Lotus flower buried for at least 120 years. Seeds of wheat, oats and barley often germinate well until about ten years old, after which the percentage of germination falls off sharply. However, due to adverse conditions during ripening and harvesting, the germination of new seed may be low. It is always wise to make a germination test before sowing.

To our Patrons and Friends—we extend our Sincere Wishes for Christmas and the New Year.

W. J. Wood

### TWO MILLION STEAM TRAPS WORLD RECORD SET UP BY BRITISH FIRM

What is believed to be a world record has been set up by a British firm which has just sold its two millionth steam trap.

A steam trap is an automatic valve which gets rid of water condensing from steam in pipe lines and steam heated units.

There are many types and many ways in which they work. Some contain a float which lifts in the water that comes to it, so opening a discharge valve. Others have a bucket which sinks as it fills with this water and pulls a valve off its seat. Yet others carry a thermostat which closes to steam and opens to cooler water, automatically draining it off.

Traps are to be found in whaling ships in the Antarctic, in the oil refineries of Iran, in the wool-

## Lest We Forget

**W**HILE we celebrate this Season of Goodwill in comfort, our brothers, sisters and comrades across the sea live 'neath the shadow of death . . . death let loose from the skies by the monstrous hordes of Nazidom and Paganism.

At this season we are particularly reminded of the debt we owe to those whose service and sacrifice make it possible for us to enjoy our Christmas midst the carefree happiness of children and fond parents . . . those valiant men who patrol the skies, man the ships, stand by the guns, and place their all — even unto life itself, between us and the enemy.

How can we pay our debt to them?

The least we can do is to Save every dollar that we can and lend it to Canada, so that Canada can provide everything in munitions and equipment to fortify these men for the defence of our country and our civilization.

Our savings should be invested in War Savings Certificates, and we should continue to save and invest in War Savings Certificates until Victory is won.

The widow's mite counts as much as the more fortunate ones' plenty, as evidence of service, sacrifice and determination.

So then, whatever else you do at this Christmas season, save and invest in War Savings Certificates. The very consciousness of your service in the Defence of your homeland will make greater your personal enjoyment of Christmas.

W. H. Somerville and de Gaspé Beaubien, Joint National Chairman, War Savings Committee, Ottawa

### GOVERNMENT GIVES SCHOLARSHIP

Alberta's triple crown wheat king, 22-year-old Francois Lloyd Rigby, was awarded a two year scholarship by the provincial government this week in recognition of his efforts. The scholarship, worth \$884.65, is equivalent to two senior years in agriculture at the University of Alberta. "I am delighted beyond words", said Rigby when informed of the award. "This means more to me than anything that has yet come my way. I am deeply grateful to the provincial government for their kindness to me personally and for their recognition in such practical manner of the importance of wheat growing in Alberta."

Mr. Rigby, whose home is at Wembley, lauded the Junior Grain Club movement in commenting on his success. "It was through this medium that I first became interested in producing fine quality grain" he said. He added that the junior clubs are a wonderful source of in-

spiration, a great training ground for young farmers, and certain to expand with time.

## Telephone Directors Hold Meeting

A meeting of the directors of the  
Crossfield Mutual Telephone Com-  
pany was held last Thursday, Dec-  
ember 12, with president Frank  
Laut in the chair. The minutes of  
last regular meeting were read and  
adopted.

The progress of the Company is  
very encouraging and they expect  
considerable new developments  
early in the new year. A car of  
poles has been authorized by the  
company for spring delivery.

Owing to private affairs, Wm. G.  
Murdoch resigned as troubleman of  
the company. The meeting regret-  
ted parting with Mr. Murdoch, as  
he has given the company excellent  
service as troubleman since the for-  
mation of the company. A vote of  
thanks was passed for the valuable  
service rendered and will be record-  
ed in the minutes.

Jim Laut, assistant to Mr. Mur-  
doch, was appointed by the meeting  
to the position as troubleman.

He: "Did you ask your father if  
you could honor me by accepting  
my name?"

She: "Yes, and papa's gone to  
the bank to see if they'd honor your  
name there."

Lady Customer: "I see that this  
medicine is advertised as good for  
man or beast."

Druggist: "Yes."

Lady Customer: "Gimme a bottle
